Technical Intern

Company: Data Couch
Position: Technical Intern
Number of Openings: 2
Location: Mohali, CP67
Job Type: Internship + PPO

About the Opportunity

Data Couch is looking for enthusiastic and passionate Technical Interns who are eager to learn, explore emerging technologies, and gain hands-on experience in a fast-paced IT environment.

This internship offers an opportunity to work with modern technologies, develop technical skills, and contribute to real-world projects.

Key Responsibilities

- Assist in developing and maintaining applications using Python and SQL.
- Support API integration, scripting, and automation-related tasks.
- Explore and work with GPT-based tools and AI-powered technologies.
- Assist with basic cloud and DevOps activities.
- Work with automation platforms such as n8n and Langflow.
- Collaborate with the technical team on ongoing projects and assignments.
- Learn and adapt to new tools, technologies, and development practices.

Required Skills & Technologies

- Basic knowledge of **Python and SQL**.
- Understanding of API integration and scripting.
- Familiarity with GPT-based tools and AI technologies.
- Basic understanding of cloud and DevOps concepts.
- Exposure to tools and technologies such as:
    - AWS
    - Docker
    - Kubernetes
    - Git
    - n8n
    - Langflow

Eligibility Criteria

- Candidates pursuing or holding a degree in **B.Tech, B.E., BCA, or B.Sc. in Computer Science / related disciplines**.
- Strong interest in technology, programming, and innovation.
- Willingness to learn new tools and technologies.
- Good analytical, problem-solving, and communication skills.
- Ability to work collaboratively in a fast-paced environment.

Ideal Candidate

A motivated and curious individual with a passion for technology, automation, and AI, who is eager to gain practical experience and build a strong foundation in the IT industry.
